Flag: Follow up

Hi all,

I'd like to get together on Tuesday, February 26 at 9:30 to discuss storage vessels, CVS, and thief hatches. Is this time ok for you? We have a standing meeting at that time but I've asked Amy to cancel the larger group discussion so we can meet as a smaller group with more focus. Attached are the excerpts for these topics (I had previously circulated the storage vessel one). I think it makes sense to talk through these together but if we run short on time, the storage vessel topic will be more important.

Thanks!
Karen
